Safety

1. Recycle your products
2. The WEEE logo appears on the product to indicate that this product must not be disposed of or dumped with your other household wastes. You are liable to dispose of all your electronic or electrical waste equipment by transporting to an appropriate collection point for recycling of such hazardous waste.
3. **FCC Radiation Exposure Statement:** This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
4. **IC Warning:** This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
5. IC Radiation Exposure Statement: This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.
6. FCC Notice: This device complies with Part 15 of FCC rules. Operation is subject to the following 2 conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Warranty / Repairs

Porta Phone items are warrantied against defects in material and/or factory workmanship for a set period from the date of purchase. Standard repairs due to misuse or wear and tear, as well as replacement parts including but not limited to batteries, padding, USB cable, etc. are excluded. Shipping to Porta Phone is at customer's expense, Porta Phone will pay for return ground shipping if the product warranty applies to the repair. Call for details.

Shipping: Prior to returning your headset for warranty or service you must call Porta Phone for an RA (return authorization) number: 1 (800) 233-1113.

General Service: All repair work will be performed for the cost of replacement parts and return shipping from the Porta Phone factory.

SET-UP

1. Charging the Batteries

COACH EPak-XR

- The corresponding red LED indicates charging; when charging is complete, the LED turns solid green. Charging time is appx. 3 hours; operating time is appx. 6 hours.

PLAYER PXR Receivers

- ***Systems with up to five receivers***: Plug the USB-C cable into a power source and connect it to each TPRO-R.
- ***Systems with more than five receivers:*** Use the 12-port multi-charger. The corresponding red LED indicates charging; when charging is complete, the LED turns solid green. Charging time is appx. 3 hours; operating time is appx. 6 hours.

2. Power On System & Link Transceivers/Receivers

New systems will arrive pre-programmed and ready to use out of the case. Power on both the EPak-XR MAIN and PXR receiver(s) and allow them to link automatically.

COACH EPak-XR

- Install charged battery.
- Press the power button to turn ON.

PLAYER PXR Receivers

- Press the power button to turn ON.

3. Make a Play Call

PLUG-IN HEADSET

- Plug in a headset to the EPak-XR transmitter (ProLine, DBx, TD900).
- Press and hold the MIC button on the EPak-XR and call the play into the headset microphone.
- Make sure you hear the play called through the PXR player receiver speaker.

4. LED Quick Guide

PXR Player Receiver LED Color Indications

- Green Flashing Slowly: Not connected to EPak-XR MAIN.
- Green Solid: Linked to EPak-XR.
- Red Flashing: Low battery.

EPak-XR Coach Transmitter LED Color Indications

- Green Flashing: On and ready to link to PXR. Light will remain flashing even when PXR receiver is linked.
- Green Solid: Linked to an (optional) Remote EPak-XR transmitter.

5. Button Quick Guide

Power Button: Press to power ON. Hold for 3 seconds to power OFF.
